About Us

Umemba Health LLC™ is a leading provider of comprehensive public health services tailored for federal and government organizations. As experts in public health workforce development, our consulting and training solutions are dedicated to enhancing the effectiveness and efficiency of public health programs across the country. We strive to empower federal and government agencies with the tools and expertise needed to improve health outcomes, promote health equity, and ensure the well-being of communities nationwide.

Our capabilities include:

- Public Health Program Administration
- Strategic Public Health Consulting Services
- Public Health Workforce Development
- Training and Technical Assistance
- Community Engagement Services
- Health Equity and Disparities Reduction Initiatives

Providing innovative and comprehensive public health services through federal and government contracting!

Differentiators

A woman-owned and minority-owned business, Umemba Health brings diverse perspectives and a deep understanding of the communities we serve, fostering inclusive and culturally competent public health solutions. Our dedicated focus on reducing health disparities and promoting health equity sets us apart as we prioritize initiatives that address the social determinants of health in vulnerable populations.

Our Competitive Advantage:

- An experienced team of public health experts.
- An integrated approach that utilizes strategic partnerships.
- Innovative solutions designed exclusively for the public health industry.
- A proven track record of success as a premier provider of public health services.
