Umemba Health LLC

Core Competencies

Umemba Health LLC™ is a full-service public health education and consulting agency renowned for our education and training services. We are a minority-owned and federally certified woman owned small business. Our goal at Umemba Health is to improve public health and population health practices by supporting individual development as well as organizational performance. Our mission is to [advance health equity](#) through community-driven approaches.

Our capabilities include:

- Public Health Workforce Development
- Curriculum Development
- Community Health Worker Training (to include certification)
- Workshop facilitation, speaking and presenting
- Healthcare/Public Health Consulting
 - Public health and population health strategies
 - Program development and implementation
 - Health promotion programming

Differentiators

Often hired as a sole source provider, we are seen as experts in our industry and both high-performing and under-performing organizations seek us out for our expertise. Why work with us? To date...

- We have trained over 2000 members of the public health workforce representing over 200 employers
- Provided thousands of hours of continuing education credits through our virtual campus
- Provide an average of 35 training workshops per year to both individuals and organizations
- Approved by the Texas Department of State Health Services to certify Community Health Workers and Community Health Worker Instructors
- Boast a 5-star Google review rating
